SUMMARY

Final-year Computer Science student who builds full-stack web applications with React and Flask. Comfortable with SQL, REST APIs and Git, and interested in backend engineering and applied AI.

EDUCATION

B.Tech in Computer Science and Engineering | Vishwakarma Institute of Technology, Pune | 2022 - 2026
CGPA: 8.7/10

Relevant coursework: Data Structures, Operating Systems, Database Management Systems, Computer Networks

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL, HTML, CSS
Frameworks: React, Flask, Bootstrap
Databases: PostgreSQL, MySQL, SQLite
Tools: Git, GitHub, Docker, Postman, Linux

EXPERIENCE

Software Engineering Intern | BrightCart Retail Pvt. Ltd. | May 2025 - Jul 2025
- Built 6 REST API endpoints in Flask for the order-tracking dashboard used by 40+ store managers.
- Reduced API latency by 40% by adding database indexes and caching frequent queries with Redis.
- Wrote unit tests with Pytest, raising backend test coverage from 35% to 70%.
- Collaborated with the frontend team in two-week Agile sprints and reviewed pull requests on GitHub.

PROJECTS

Hospital Management System | React, Flask, PostgreSQL
- Developed a full-stack system for appointment booking, patient records and billing for a 3-doctor clinic.
- Designed a normalized PostgreSQL schema with 12 tables and role-based access control using JWT authentication.
- Deployed the application with Docker on a Linux VM, serving 150+ patient records during a pilot.

AI Sales Chatbot | Python, Flask, NLP
- Built a chatbot that answers product questions using intent classification with scikit-learn.
- Achieved 87% intent accuracy on a 1,200-message labelled dataset.
- Integrated the bot into a React widget and logged conversations to MySQL for analysis.

Resume Analyzer | Python, JavaScript
- Created a web tool that extracts skills from resumes and compares them against job descriptions.
- Implemented keyword matching and scoring logic, used by 60+ classmates during placement season.

CERTIFICATIONS

- AWS Cloud Practitioner Essentials (AWS Skill Builder), 2025
- Python for Everybody (Coursera), 2023

ACHIEVEMENTS

- Finalist, Smart India Hackathon 2024 among 500+ teams.
- Led a team of 4 to build a campus lost-and-found app adopted by the student council.
